That Old One

About being all dressed up and no place to go don't hold good now. There are lots of places to go, and I've got lots of new summer clothes for you to wear. My no-red-tape, reference or investigation credit system and the fact that I carry only the better grade of dresses, hats, suits, coats, waists, skirts, etc., makes Miller's, at 236 South Main St., near Linden, the best shop in Memphis for the woman who wants high-grade clothes, and also wants credit accommodations. Bonds and stamps taken at full value.

EMPLOYMENT BUREAU MAKES FINE RECORD

A slight decrease was shown in the number of soldiers seeking employment in Tennessee for the week ending May 17, but employers are reminded that thousands of Tennessee soldiers still in service will need assistance upon their return.

Sixty-nine per cent of the 1,388 individuals who applied for jobs through the United States employment service were placed in industrial occupations, according to the report of Dr. J. T. Ware, federal director of employment.

Advices from Washington indicate that the congress will soon recognize the work of the employment service and its continued usefulness by making a substantial appropriation for the continuance of the free employment agencies.

UNIVERSITY TEAM QUITS TO BACK UP PLAYER

KNOXVILLE, Tenn., May 23. (Sp.)—Protesting the suspension of Frank Callaway from the University of Tennessee as a result of an argument with Capt. Norman, commandant of University cadets, when Capt. Norman stopped a game between the Volunteers and the Kentucky State college in the first inning by staging a parade of cadets on the diamond, the university nine have turned in their suits and refused to finish the season. The Volunteers finished the game, however, being defeated by the Kentucky state by score of 13 to 10.

R. O. T. C. READY FOR GUN RANGE

Weapons and Seven Tons of Ammunition Complete Equipment.

The arrival of all the guns and 200,000 rounds of ammunition Friday completed the equipment of the Memphis R. O. T. C. company of Central and Vocational high schools. Lieut.-Col. A. S. Frost, in command, is already planning a rifle range for target practice to be used when the boys are sufficiently versed in the manual of arms to begin actually to shoot. Ewing Caruthers is working for the state to provide a range for the use of a rifle on the old James sanatorium property at Raleigh for the range. For a sum less than \$2,000 it is believed the sides of the ravine can be trimmed in such a fashion as to make an admirable place for target practice.

The boys, already proficient in foot drill, will begin manual of arms drill and other field work at once.

Promotions Are Made.

For the purpose of having instructors among the students for the next year or two, Lieut.-Col. Frost has named six students of Central high school and of Vocational high school to attend a special officers training camp to be held this summer at Camp Zachary Taylor, Ky.

The course will open about June 21 and will close about Aug. 25. The youths chosen are boys who have two or more years of high school, and in this way will be useful to the school as instructors as well as derive great benefit to themselves. The selections were made on a competitive basis.

The boys will be given their living expenses while in the training school, and will be allowed 75 cents a mile mileage to and from Camp Taylor.

Col. Frank Leake, district military inspector, delegated the authority to select the young men to Lieut.-Col. Frost recently in accordance with advice from the committee of education and special training in Washington.

Preparatory schools in Tennessee, Kentucky, Alabama, Mississippi, Arkansas, Louisiana and Oklahoma will be represented at the camp by about 140 students.

The Memphis boys selected are: Central high school—J. Parker, W. Williams, 233 Vance avenue; Charles Palmer, 166 South Cooper street; Carl Richmond, 417 S. Main; Jesse French Houck, Jr., 1234 Sledge avenue; William Henry Fisher, Jr., 126 South Main; Lynn Michael Nichols, 266 Lipcove place.

Vocational high school—Milwaukee Piedger, Rickford Station; and Harry Hansen, 1189 Faxon avenue.

Carpenters Not To Work Under Open Shop Conditions

"No man of this union will ever work a minute under open shop conditions," declared O. L. Biggs, business manager of the local union of United Carpenters and Joiners, Friday with reference to the advertisement of 22 members of the General Contractors' association that they would employ both union and nonunion carpenters because of the strike of 40 members of the union. "Any man who should work for one of these 22 contractors under open shop conditions would be promptly expelled from the union," continued Mr. Biggs.

GASOLINE CAUSES \$1,000 FIRE IN AUTO TIRE SHOP

Gasoline ignited by the flames of a vulcanizing machine in the shop of the Mutual Tire and Vulcanizing company, 320 Madison avenue, at 10:35 o'clock Friday morning, occasioned a two-alarm fire that sent several score firemen and hundreds of spectators racing to the scene. The damage was held to about \$1,000.

The building, a one-story brick and combination structure, is occupied jointly by the Mutual company and J. & E. Douglas, spark plug dealers.

Workmen in mending a tire placed a vulcanizing machine too near a pan of gasoline used for cleaning purposes. The gas flashed up, sending flames in every direction. The workers dodged to safety in time.

Smoke that rolled from every door and window of the shop excited the occupants of surrounding garages and shops, resulting in a score of phone calls being sent in to fire headquarters.

In five minutes firemen ended the danger, with the loss of some material and machinery of the Mutual company's shop.

LIFT OFF CORNS
WITH FINGERS

Doesn't hurt a bit and costs only few cents

Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

FEW FOLKS HAVE
GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and luster, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get the famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

Greatest Parade Tonight.

A Fashionable Springtime Necessity

THIS Spring, time when all the fashionable world is seeking slenderness, and still more slenderness, Rengo Belt Reducing Corsets are more than ever a necessity to women of medium or stout build.

They Slenderize the Stout Figure

creating an instantaneous improvement in one's appearance. Abnormal abdominal lines are gently straightened out; heaviness and size are reduced. And, day by day, the figure is coaxed back to charming and youthful lines.

maintains its perfect style lines under the most severe wearing conditions. Rarely need a "Rengo" model be replaced until discarded for an entirely new style.

Prices of Rengo Belt Corsets range from \$2 to \$10
